Advance Transit offers free Travel Training skills to Upper Valley residents who want more mobility choices.

We all have concerns when we step on a new bus - Where are the stops? How do I get back to this stop? How do I "transfer"? How do I get my mobility device onto the bus? Is it really free?

To help Upper Valley residents feel comfortable traveling with Advance Transit, we offer Travel Training meetings at local senior centers, residence communities, and public venues.

Our meetings introduce Travel Training and show how using transit can increase your mobility. We look at the Advance Transit bus routes, schedules, major stops, and answer your questions.

We also we invite you to:

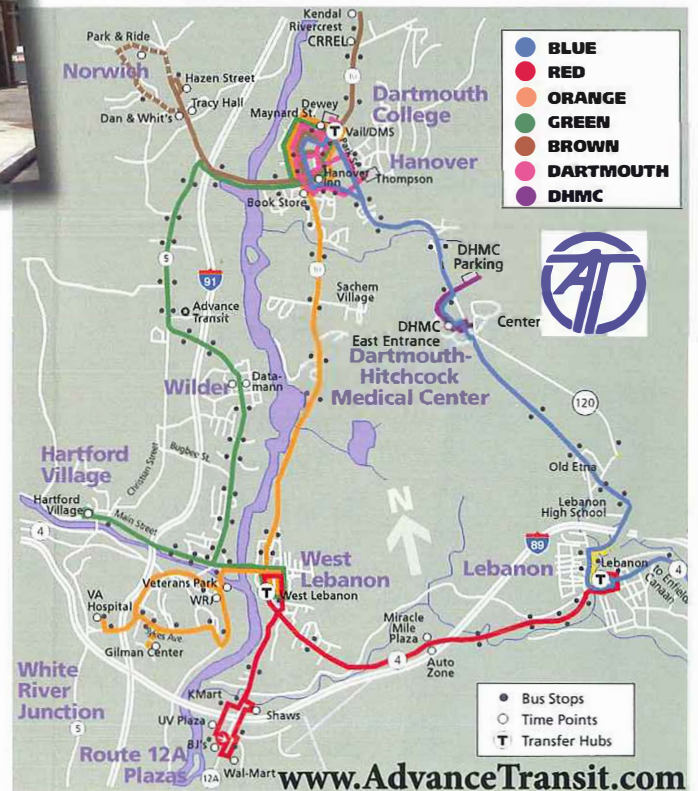

- Meet one-on-one with our Travel Trainer to map one or more trips you would like to take.
- We will review the schedule to find your best time choices, and then if you like,
- We will ride with you from a nearby bus stop, to your destination and back, to help you feel at ease.

Bring a friend if you want to. The Trainer rides with you until you return to the starting point.
